SUMMARY

UI/UX Designer with 2+ years of experience designing SaaS products, enterprise platforms, and design systems. Passionate about simplifying complex workflows through scalable, user-centered interfaces.

I enjoy simplifying complex problems into intuitive interfaces through thoughtful UX, scalable systems, and close collaboration with cross-functional teams.

SKILLS

DESIGN: Figma, Design Systems, Wireframing, Prototyping, Visual Design

CREATIVE: Adobe Creative Suite, Midjourney, Blender (Basic), Rive, Spline

AI & DEVELOPMENT: ChatGPT, Claude, Figma Make, VS Code

EXPERIENCE

UI/UX DESIGNER
Divami Design Labs | Apr 2025 – Present

Designed digital product experiences across SaaS, FinTech, Enterprise, LMS, and HR Tech.

Created user flows, wireframes, high-fidelity interfaces, and prototypes.

Built and maintained a reusable design system for consistent product experiences.

Collaborated with cross-functional teams and developers to deliver production-ready designs.

GRAPHIC & UI/UX DESIGNER
Intent Global | Mar 2024 – Dec 2024

Designed brand identities, websites, and digital marketing assets for clients across diverse industries.

Collaborated with clients and internal teams to deliver consistent brand and digital experiences.

Designed responsive websites, landing pages, and marketing assets aligned with business objectives.

Managed projects from concept development to final delivery.

GRAPHIC & UI/UX DESIGNER
Kluster Mobile App | INTERNSHIP

Designed mobile UI screens and marketing creatives.

Collaborated with senior designers to improve user experience and visual consistency
